International Islamic Finance Training Center CIBAFI Professional diploma

Professional diploma in Sharia Auditing

Professional diploma in Sharia Auditing:

The professional Diploma in Sharia Auditing targets all those interested in the Sharia Auditing field. It targets as well all those working in the Islamic Finance Industry and wishing to get certified in this field. It targets also the trainees in the professional certificates issued by the International Islamic Finance Training Center belonging to CIBAFI.

The professional Diploma in Sharia Auditing targets as well the trainees already certified by the Center.

All those having successfully attended any of the training programs delivered by the Center are entitled to take part in this diploma.

Program Structure:

Certified Islamic Banker:

The certified Islamic Banker aims at improving the capabilities and skills of Islamic finance and banking sector employee. It offered to all those working in Islamic banks and financial and investment. It also provides them with the professional knowledge and expertise and the proper banking applications, and enables them a straightforward and steady start toward an array of career options.

This makes of the certified Islamic Banker a distinctive feature for those who work in the Islamic financial services industry as it reflects their identity as Certified Islamic Bankers.

It also serves as a defining criterion for every Islamic financial institution based on the number of its staff holding of this basic certificate, which reflects the overall quality of its staff, and informs of the level of their qualifications and professional commitment to Islamic banking.

On the other hand, the Certified Islamic Banker is necessary not only for those working in the Islamic finance industry; it is rather needed by all those dealing with Islamic financial institutions , by university graduates , by all those wishing to pursue a career in Islamic financial institutions and new entrants.

The Certified Islamic Banker is being issued by the General Council for Islamic organizations, Banks and Financial Institutions; an international non-profit that constitutes the official umbrella for all Islamic financial institutions in the world.

This certificate provides the basic knowledge that allows its holders professional recognition, career development, and future ability to specialize in other advanced banking areas.

It is the basic certificate issued by the Center and consists of six chapters:

- Introduction to Islamic Financial Contracts
- Islamic Banking System
- Islamic Finance Operations
